

enrolment policy

introduction

Ballarat Clarendon College (the College) is implementing this policy to ensure that all applications for student enrolment are treated fairly and equitably and to outline various fees, costs and conditions of attendance associated with the enrolment of students at the College.

policy

The College endeavours to maintain an open-entry policy for students from Early Learning to Year 12. Students are considered for enrolment regardless of background and abilities. No entry tests are required. However, all enrolments remain at the College's discretion.

The enrolment policy of the College's Early Learning Centre complies with the Department of Education and Training (DET) policies.

Generally, students are accepted into the College in strict order of the date of their registration. However, the order of acceptance may be influenced by the accommodation of a family member of staff, whether the student is a child of Old Collegians and/or a sibling of students already attending the College. Whether or not a student is accepted may also depend on the College's ability to accommodate any special needs of the student.

The College is committed to provide an opportunity for all children to become members of the school community, regardless of their religion, ethnic or social background, abilities and interests. However, it is expected that all students will actively participate in each part of the school program, including Chapel services and co-curricular programs.

Parents/Guardians must provide frank and detailed information about their child's health and educational needs and educational progress at enrolment. If the child has special needs, these can then be discussed at an interview with the Head of School and, if necessary, the Head of Progress Support. Details of any educational assessments that have been made by professionals, such as educational psychologists or speech pathologists, for example, should be provided with the Application for Registration form. Any students with Anaphylaxis and/or Asthma cannot attend school unless they have completed an Individual Anaphylaxis Management Plan or provided an Asthma Action Plan, as detailed in the Clarendon Anaphylaxis and Asthma Management Policies. It is important that any information about other serious health conditions, which may require specific management plans, such as diabetes, allergies or epilepsy, is also disclosed.

All students enrolled at the College will be expected to participate in the College's curriculum. They will also be expected to reside with either Parents/Guardians or in one of the Clarendon Boarding Houses. If for any reason, either of these conditions is no longer possible, the College must be notified immediately, whereby the Principal reserves the right to withdraw the enrolment offer.

All personal details provided regarding registration and/or enrolment will be treated in accordance with the College's Privacy Policy.

It is assumed that students will automatically continue their education at the College from year-to-year unless otherwise advised; however, Parents/Guardians will be required to complete an online re-enrolment form every year. These forms are essential in confirming the student's place and confirming medical details for the following year. Students will not be permitted to recommence until the online enrolment process is complete.

Enrolment may not be possible:

- if the child's enrolment at the College requires special services, facilities or resources which cannot reasonably be made available by the College;
- if the child, or other students, are placed at physical or emotional risk by the enrolment of the child;
- where the Principal believes that participation in classes will not further benefit the child or will significantly restrict the education of other students.

The Principal reserves the right to make the final decision on all place offers and enrolments.

Acceptance of an offer of enrolment invokes binding obligations set out in the College's Enrolment and Re-Enrolment Terms and Conditions. By accepting an offer of enrolment, Parent(s)/Guardian(s) agree to be jointly and severally liable for the payment of all Fees and Charges in accordance with the Terms and will comply with all other obligations under the Terms.

Parents/Guardians, having agreed to be bound by the terms and conditions and policies of the College, are expected to encourage their children to do likewise for the wellbeing of the College's community.

The Principal may require the removal of a student from the College as a consequence of a behavioural issue or if, in the Principal's sole discretion, this is necessary for the good order or reputation of the College. In such circumstances, there will generally be no refund of fees already paid.

Assuming the Parents/Guardians have provided the required period of notice, the College will generally refund all overpaid tuition fees when a student leaves the school, subject to all financial commitments having been settled and the required notice of withdrawal being given.

other information

Conditions of Attendance

- A student is admitted to the College on the understanding that fees are payable in advance.
- Fees are subject to alteration by the College from time-to-time, usually annually, to cover increased costs. Notice of such alterations will be given in advance, where possible.
- A term's notice in writing must be received by the Principal before a student leaves or before a boarder becomes a day student; otherwise, a penalty of up to half an instalment's fees will be levied. Notice of Withdrawal ideally should include the reason for withdrawal. Notice of Withdrawal will in all cases be acknowledged in writing; if Parents do not receive acknowledgement within 21 days, they should contact the College.
- Clarendon does not have a 'no fault' policy of insurance which covers students who may hurt themselves. Students are thus not automatically covered by an Accident Insurance Policy which provides cover for injuries pupils might sustain at school, at sport, at camp or on school excursions. Parents are, therefore, strongly advised to make their own arrangements and to have in place suitable health insurance cover.
