“I feel that attending Clarendon is an opportunity to be the best version of myself. I want to reach my potential and I believe Clarendon will help me to achieve this.”

Nia Harrison, Year 12
Scholarship recipient

Dear [Name],

Becoming a student at Ballarat Clarendon College is a life-changing opportunity. An Old Collegian recently shared with me, ‘Ballarat Clarendon College doesn’t just provide a first-class education; it teaches, as it always has, the values of hard work, honesty and care for others - sometimes these are best lived rather than written down. As custodians, we live these values.’

For some families, providing this opportunity for their children is financially unattainable. Since our school’s foundation, we have endeavoured to provide as many scholarship places as financially possible. Each year, however, up to 80% of scholarship applicants are unsuccessful due to limited financial resources. We need your support to change this.

There are many stories of how the generous donations from members of our community have helped to alter the future of a scholarship recipient. Nia Harrison’s story is one. Having grown up on the family farm outside of Horsham, Nia is no stranger to challenges - isolation, serious flooding and severe fires. Nia had always wanted to attend Clarendon. She was determined to reach her potential and knew this was the school to support and guide her to fulfill her aspirations.

Nia will be graduating from Clarendon this year and intends to pursue a career in Public Relations, Communication and Journalism. Nia credits both the school, and her boarding experience, with helping her to develop a greater understanding of the importance of effort, persistence, hard work, honesty and teamwork in all aspects of her life – academically, socially and emotionally.

We want to give more students the opportunity to live these values and experience a life-changing education.

Please consider joining me today with a donation towards our Scholarship Program. With your support, we have the opportunity to provide a Clarendon education to more children so that, at the end of their time at the school, when they stand on the threshold of their future, they can choose their *heart’s desire*.

John Livingston
Chair, Board of Directors and Foundation member.
