

international students complaints appeals policy

source of obligation

Standard 10 of the National Code requires the College to have and implement a documented appeals process and policy, and provide the international student with comprehensive, free and easily accessible information about that process and policy.

It is the College's policy that if a formal complaint received by, or related to, an international student is not resolved to the satisfaction of the complainant, it may, at the request of the complainant, be escalated to an internal Appeals Panel.

appeals panel

An Appeals Panel will be assembled as needed, and will be made up of a minimum of three members who have the requisite independence from the issue at hand to address the appeal on its merits, in a professional, fair and transparent manner. Staff who hold the following positions are eligible to sit on the Appeals Panel:

- the Principal
- Deputy Principal
- Heads of School
- Head of Boarding
- Learning Mentor/House Teacher
- Business Manager
- Risk and Compliance Manager
- International Students Coordinator

The make-up of the Appeals Panel will be determined by the Principal on a case-by-case basis, depending on availability and the nature and complexity of the complaint to be considered.

Where the matter is escalated to an Appeals Panel, the Panel aims to resolve the complaint within 28 days from the date of referral and, in any event, no later than 42 days after the original complaint was received.

right to access external appeals processes

If an international student is not successful in the College internal appeals process, the College must advise the international student within 10 working days of concluding the internal review of the international student's right to access an external complaints handling and appeals process at minimal or no cost.

The College directs students to the Overseas Student Ombudsman (OSO).

purpose of external appeals process

The College must inform an international student who wishes to access the services of the OSO that, in most cases, the purpose of the OSO is to investigate whether the College has followed our own internal policies and procedures. Generally, the OSO does not make a decision in place of the College.

result of appeals process

If the internal or external appeal process results in a decision or recommendations in favour of the international student, the College must immediately implement the decision or recommendation and/or take preventative or corrective action required by the decision, and advise the international student of that action.

A written record of the complaint or appeal will be kept, including a statement of the outcome and the reasons for the outcome.

record keeping

The College maintains a full Complaints Register including the details, outcome and reason for the outcome, including any appeals requests or decisions, of each complaint received by the College. The Complaints Register is maintained in accordance with our International Students Records Management and Retention Policy.
